
Senior Design Weekly Status Report; Fall 2022

Team Name: sdmay23-02

Team Members: Noah Peake, Jake Stanerson, Michael Gierak, Conner Spainhower, Cole Medgaarden, Hrijul Balayar

Report Period: 10/06/2022- 10/20/2022

Summary of Progress in this Period

- Consulting different options moving forward with using Panda Power
- Could potentially go with a command line or shell approach to run commands, GUI approach could be taken as well but could be more time consuming.

Pending Issues

- **No pending issue as of now we have already met 3 times and have made things clear except on what specific tasks to divide among the group. However, we are just setting up so have not dived deep yet.**

Plans for Upcoming Reporting Period

- Install Panda Power on Hosts.
 - Get added to the GitHub repo if not already.
 - Create a design requirements document
 - Create a discord server
-
